

YOUR QUICK WAY IN

to the myKOMBI VERKEHR portal:

- Go to the website
<https://mein.kombiverkehr.de>
- Register yourself and accept the terms of use.
- If you already have access rights for online booking, you are already verified and can use this function including the order overview straight away.
- If you have not made any bookings yet, you need to have yourself verified and cleared for online services.

As soon as you have registered successfully, your supervisor will be informed of this by email and can then immediately proceed to verify you and give you access rights. Until you are verified your access to the portal will be restricted.

- You can also find detailed information about registration in the FAQ for the portal.

Any questions about registration?
