

## SUPERVISOR FORM

Please use this form to register or deregister a supervisor for user management within myKOMBIVERKEHR. The legitimization of a supervisor is the basic requirement for using our online services. Once the supervisor has been created on Kombiverkehr's IT system, the supervisor will receive access to the user administration, which can be used to assign rights to other employees and service addresses at the respective company location.

A supervisor can only be registered or deregistered with the signature of the management or an authorised representative. Please note that the supervisor must be assigned to the company location with the relevant UIRR customer number at which he works. To create additional supervisors, please use a new form.

### PLEASE COMPLETE ALL FIELDS LEGIBLY AND IN FULL:
